

# PKG 101 - A Parking Guide for Adjunct Faculty

## *What You Need to Know Before Coming to Campus*

- Anyone who parks on the UMBC campus between the hours of 8 AM and 4 PM (with the exception of gated lots), must have an active parking permit.
- You can park in any gated lot (Lot 8, Lot 2, and the bottom of the Admin Drive Garage) after 4:00 PM with no permit necessary.
- If you are parking after 4:00 PM, you can park in any legal space without a permit. Parking zones are not enforced after 4 PM. Please note, standard traffic regulations such as no parking in accessible, service, and loading spots are enforced 24/7.
- All permits are virtual and are connected to your license plate. Before purchasing your initial permits, please submit the [New Employee Permit Form](#) from your hiring manager to Parking Services.
- Daily permits are \$2 per day and can be purchased at [umbc.nupark.com/portal](http://umbc.nupark.com/portal) or at the Parking Services Offices. Daily packets are sold in packs of 5, 10, or 20 and do not expire.
- Need to check how many permits you have remaining? Log-in to your Parking Account. In your account under permits you will see how many permits you have left. You will receive an e-mail when you are out of permits.
- Staff can use Visitor Parking for \$2.00 per hour. Pay stations accept Visa, MasterCard, and currency. Pay stations do not give change/refunds. **No Exceptions.** You may also use the Passport Parking App.
- You may purchase a faculty parking permit for \$280/year (prorated throughout year). This is not cost efficient if you are on campus less than three days per week.
